

AMA'S SIX SEMESTER NURSING
DIPLOMA
&
Bachelor's Degree in nursing
program in Poland

AMA & AP

Overview

American Medical Academy. Inc., (AMA) in association with its 100% Polish subsidiary "AMA Poland z.o.o." is currently offering six semesters of "180 credits" **Nursing Diploma** (Polish Nursing degree) in partnership with Polonia University in Czestochowa, at the AMA-AP campus in Poland. Also, candidates have the option to study an additional two semesters "60 credits" and obtain a **Bachelor of Science Degree in Nursing (BSN)**.

Polonia University (Akademia Polonia) Częstochowa, is a 32-year-old European Union university, with over 2,000 nursing program graduates working in EU countries and worldwide. All programs are accredited by European Union Standards.

AMA's six-semester nursing (AMA-AP Nursing) program graduates all have employment opportunities in EU countries with multiple EU healthcare facilities.

Overview

Classes are starting
on October 01, 2024!

The AMA's BSN program is a **3+1 year plan** academic program consisting of **240 credits**. Upon completion of their third year of studies (180 credits), successful candidates will receive a **Polish Nursing Degree/Diploma** from **AP**. After that, candidates have to continue their studies through a fourth year to receive their **Bachelor of Science in Nursing (BSN)**.

Bachelor of Science in Nursing refers to someone who has earned a bachelor`s degree in nursing in the USA. It often precedes the Master of Science in Nursing program, which is available to BSN nurses who wish to further advance in their careers. The **BSN** program offered in English and Practical training will be held at **Polish** and other **EU hospitals**.

Upon passing the required exams, candidates will receive the. These candidates can receive a **BSN from AP and also, from AMA** (dual degree upon successful completion of the program).

Paid summer practical training opportunities during the study period and after securing the nursing diploma, candidates would get multiple job opportunities with the EU healthcare organizations. Opportunity to take the USA Nursing license and take the USA employment, after securing the BSN program.

Receive Nursing education & skills training in multiple EU countries as AP students, under the Erasmus program.

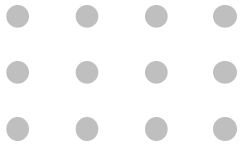

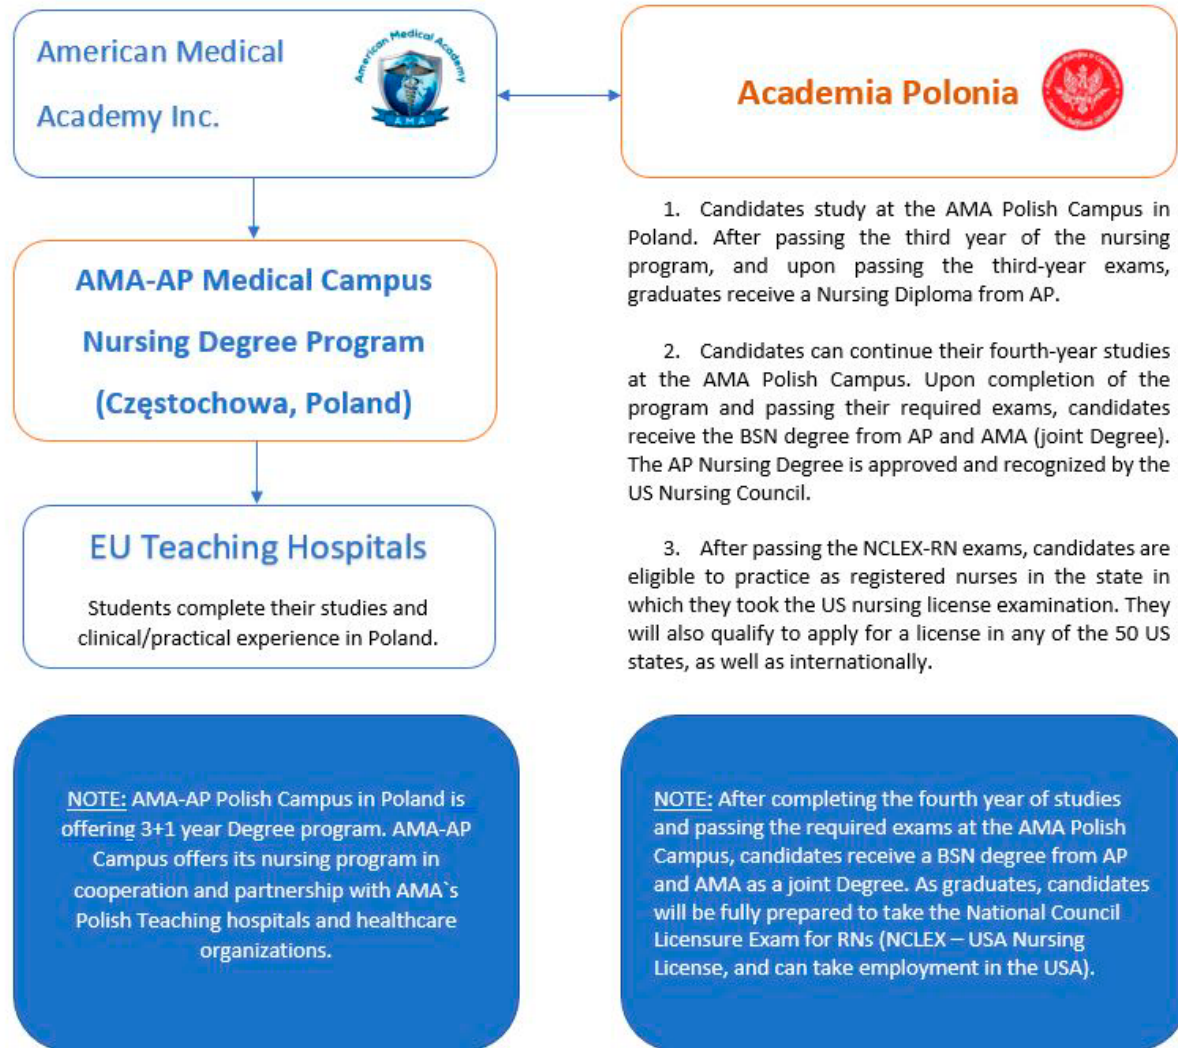

AMA-AP: Nursing Diploma and BS NURSING PROGRAM HIGHLIGHTS

Diplomas and Degrees obtained from AP and AMA-AP campuses are accepted by Poland, all EU countries, Canada, the U.S.A., Australia, the UK, and worldwide. Graduates who successfully pass the **NCLEX will be eligible to practice as registered nurses in the US State** in which she/he took the examination.

Those candidates will also qualify to apply for licensure in any of the 50 states in the United States. Graduates can work in EU countries and all over the world.

AMA-AP Partnership Outline

Paid Summer Training

Summer Training Opportunities: All AMA six-semester nursing program candidates will have the opportunity to do practical training during the summertime every year at some of the EU healthcare facilities and candidates may choose the country for the summer training based on the candidate's EU language & communication skills.

The summer training could be in **Poland / Germany / Switzerland / Italy / France / Belgium / the Netherlands.**

Summer Training Compensation:

For the summer training program, candidates would receive between Euro 500 to Euro 1,500 per month, depending upon their communication & professional skills.

AMA nursing program “6 semesters” graduates would receive between Euro 2,000 and Euro 3,000 per month salary, by taking the employment contract with AMA partner healthcare facilities in the EU countries; the initial monthly salary range depends upon the actual employment facilities and candidates’ communications skills/level in the local language.

JOB Opportunities in the EU and the USA

Upon successful completion of the six semesters diploma/degree nursing program graduates (AMA-AP nursing program graduates), will have multiple employment opportunities with AMA’s network of partner healthcare facilities: including elderly care families, medical clinics, hospitals, and other healthcare service centers in the EU territories.

The AMA network of healthcare partner EU countries - Poland, Germany, France, Italy, Ireland, Belgium, Netherlands, Luxembourg, and Switzerland (Scandinavian countries are also in the network of partners).

Note: During the nursing study program period, candidates would study Polish as a second language in the first two years of studies, for the candidates to do the clinical training at the Polish hospitals (during the study period). The six-semester nursing program is offered in English language.

OPTIONAL LANGUAGE CLASS

Starting from the 2nd year, AMA offers **German, French, and Italian language** classes as an optional language class (candidates can choose up to two language classes), free of charge.

[Those candidates who have the desire to seek a USA nursing license and employment in the future, such candidates can also take free & optional English language classes to further improve their English communication skills and pass the required English exam, such as "The IELTS test"].

USA OPPORTUNITIES

Those candidates who have the desire for the USA nursing license (RN NCLEX), have the option to join for the additional two semesters (one year) and complete an additional "60 credits" for obtaining the bachelor's degree in nursing or they can join for the two years (four semesters) Masters in Nursing program at the AMA-AM campus in Poland.
