

Study Nursing in Poland

Paid Practical Training during study period and employment opportunities in the EU and the USA after studies

Paid Summer Training

Summer Training Opportunities: All AMA six-semester nursing program candidates will have the opportunity to do practical training during the summary time “for each year” at some of the EU healthcare facilities and candidates may choose the country for the summer training based on the candidate’s EU language & communication skills.

The summer training could be in **Poland** or **Germany** or **Switzerland** or **Italy** or **France** or **Belgium** or the **Netherlands**.

Summer Training Compensation:
For the summer training program, candidates would receive between Euro 500 to Euro 1,500 per month, depending upon their communication & professional skills).

JOB Opportunities in the EU and the USA

Upon successful completion of the six semesters diploma/degree nursing program graduates (AMA-AP nursing program graduates), all will have multiple employment opportunities with AMA's network of partner healthcare facilities: these including elderly care families, medical clinics, hospitals and other healthcare service centers in the EU territories.

The AMA network of healthcare partner EU countries - **Poland, Germany, France, Italy, Ireland, Belgium, Netherlands, Luxembourg and Switzerland** (Scandinavian countries are also in the network of partners).

Compensation for the Initial Employment

AMA nursing program “six semesters” graduates would receive between Euro 2,000 and Euro 3,000 per month salary, by taking the employment contract with AMA partner healthcare facilities in the **EU countries**; the initial monthly salary range depends upon the actual employment facilities and candidates’ communications skills/level in the local language.

Note: During the nursing study program period, candidates would study Polish as a second language in the first two years of studies, for the candidates to do the clinical training at the Polish hospitals (during the study period). The six-semester nursing program is offered in English language.

Optional language class

Starting from the 2nd year, AMA offers **German, French, and Italian language** classes as an optional language class (candidates can choose up to two language classes), free of charge.

[Those candidates who have the desire to seek a USA nursing license and employment in the future, such candidates can also take free & optional English language classes to further improve their English communication skills and pass the required English exam, such as “The IELTS test”].

USA Opportunities

Those candidates who have the desire for the **USA nursing license (RN-NCLEX)**, have the option to join for the additional two semesters (one year) and complete an additional **“60 credits”** for obtaining the bachelor's degree in nursing or they can join for the two years (four semesters) **Masters in Nursing program** at the **AMA-AM campus in Poland.**

Also, candidates have the option to study an additional two semesters “60 credits” and obtain a **Bachelor of Science Degree in Nursing (BSN)** at the **AMA-AP Campus in Czestochowa, Poland.**

USA Opportunities

The AMA's BSN program is a **3 (180 credits) +1 (60 credits)** year plan academic program consisting of total of **240 credits**.

Upon completion of their third year of studies and the completion of 180 credits, successful candidates will receive a **Polish Nursing Degree/ Diploma from AP**.

Those graduates are then eligible to take the **USA National Council Licensing Examination** for Registered Nurses exam (**NCLEX, USA nursing license exam**). After the candidates pass their third-year exams and secure the Nursing Diploma/Polish Nursing Degree, candidates have to continue their studies through a fourth year.

The BSN program offered in **English** and Practical training will be held at Polish hospitals and other EU hospitals. Upon passing the required exams, candidates will receive the **BSN from AP** our partner European university and also, from AMA.

These candidates can receive a **Dual Degree** upon successful completion of the program.

USA Opportunities

Diplomas and Degrees obtained from **AP and AMA-AP campuses** are accepted by Poland, all EU countries, Canada, the U.S.A., Australia, the UK, and worldwide.

Graduates who successfully pass the **NCLEX** will be eligible to practice as registered nurses in the **US State** in which she/he took the examination. Those candidates will also qualify to apply for **LICENSURE** in any of the 50 states in the United States. Graduates can work in EU countries and all over the world.

[Registered Nurse Salary in the USA: Nurse's salary in the US varies. The median annual wage for registered nurses was \$77,600 in May 2021].

Registered Nurses - U.S. Bureau of Labor Statistics:
www.bls.gov/ooh/healthcare/registerednurses.htm The majority of US nurses make from \$88,690 to \$114,100 annually.
