MD curriculum*

**Classes are starting
in September 2025**

Admission Registration
begins from April 1, 2025

• MODERN EDUCATIONAL TECHNOLOGIES

All candidates will receive state-of-the-art educational software for studying, taking exams, and training. Additionally, they will have access to the e-medical library facilities throughout their study period.

• POLISH MEDICAL LICENSE

All medical program graduates (*option to study at AMA-KSU or AMA-BSMU Medical Campus in Ukraine and in Poland*) are required to do 13 months of clinical training at Polish hospitals to secure a Polish medical license.

**American Medical Academy Poland z.o.o.
Czestochowa, Poland**

AMA Polish
CAMPUS

Opportunity to work in the EU with the POLISH MEDICAL LICENSE

For Indian students NO more worries about FMGE or Indian future medical licenses exams after the graduation

• POLISH LICENSE & PREP COURSES

Students who study the first three years at AMA MEDICAL CAMPUS (option to choose BSMU or KSU) in Ukraine at the Polish border facilities and the last three years of studies at the AMA campus in Poland obtain a Polish medical license after graduation.

Students who choose to complete the medical degree at AMA Medical Campus (option to choose BSMU or KSU) in Ukraine will be prepared for NIL & Nostrication exams (for securing the Polish Medical License) during the six-year study period with NO additional fee.

• CLINICAL OBSERVATIONS

All medical students at AMA Medical Campuses are prepared for the Polish medical license from their first year of study. In addition, candidates have the option to undertake a 4-week clinical observation and special skills training (available to advanced 4th to 6th-year students) at major Polish and other EU hospitals during the

summer break, with no additional fees.

Students at the AMA Medical Campus near the Polish border (in Ukraine) also have the opportunity to participate in a 2-to 4-week study tour program, accompanied by a faculty member, to visit EU teaching hospitals. Each candidate can participate up to three times during their six years of study, with no additional tuition or training fees.

• ASSISTANCE WITH STUDENT NEEDS

AMA representatives are available to assist students with pre-registration, accommodation, study programs, visa/travel, and more.

• Optional USMLE Prep training

Students will receive this optional training from the US professors/trainers during the 4th & 6th year's program; also available advanced 3 months optional USMLE training in the USA, after graduation (some conditions would apply for the US training).

**Classes are starting in
September 2025**

Admission Registration
begins from April 1, 2025

AMA  **Polish**
MEDICAL CAMPUS

TAKE POLISH LICENSE and do the specialization in the EU FOR FREE

• CLINICAL ROTATIONS

Students can do clinical observation at U.S. teaching hospitals and complete the clinical training at Polish teaching hospitals (*certain conditions would apply for the US clinical observation*)

• OPPORTUNITY

The American Medical Academy (AMA) is now enrolling students who are interested in pursuing a six-year degree in Medicine at the AMA Medical Campus (option to choose KSU or BSMU).

Candidates complete medical studies in Czestochowa, Poland at the AMA medical campus, and Candidates complete studies in the Ukraine border at the AMA Medical Campus to obtain their degree from our partner European university **Kherson State University, Faculty of Medicine (KSU) or Bukovinian State Medical University, Faculty of Medicine.**

This is a great opportunity, especially for candidates who have desire to be a licensed EU physician after medical studies.

Candidates will receive excellent medical education and training from internationally respected European and U.S. professors. Our partner European Medical Schools (KSU and BSMU) are prestigious, accredited institutions with a combined 100 years of rich education and training experience.

Graduates can work in the USA, EU countries, UK, India, Canada, Australia, and worldwide; ie., KSU/BSMU medical graduates are entitled to practice in their destinations of choice.

• ADMISSION REQUIREMENTS & KEY INFO

Pre-Medicine is NOT required to join our medical program (**Masters Medical Degree "MD"**) in Europe. Candidates have to complete a high school 12th-grade or have a degree or an incomplete Bachelor's degree with a science background.

After three years of studies at the AMA Medical Campus in Ukraine at the Polish border, candidates have the option to move to the AMA Polish medical campus and complete their medical studies in Poland (OR) candidates have the option to complete the entire medical studies at the AMA Medical Campus in Ukraine, and all graduates will receive medical degree from KSU/ BSMU. All KSU/ BSMU medical program graduates are required to do 13 months of clinical training at Polish hospitals to secure their Polish medical license.

[Specialized training to prepare candidates for the Polish medical license will begin in the first year of study, at no additional cost. This includes NIL & Nostrication PREP COURSES for eligible candidates].

The clinical part will be completed at the Polish hospitals and/or at some European teaching hospitals. Also, candidates will have the option to do clinical rotations at some of the U.S. teaching hospitals (certain conditions would apply).

• EUROPEAN SCHOOL

KSU and BSMU both are listed in the World Directory of Medical Schools and graduates are eligible to apply for Educational Commission for Foreign Medical Graduates (ECFMG) certification. Degrees obtained from KSU and BSMU are accepted by Poland, Croatia, Canada, the U.S.A., India, Australia, the EU, the UK, and worldwide.

Achieve your medical career goals with AMA and our Partners in Europe.
